Special Contract Prices of High Class Flower Seeds

QUALITY—is my motto. Twenty years' experience in the horticultural and agricultural business has taught me the full meaning of the word.

PRICES—I trust the unusual low prices quoted in this list will not cause you to experience the common feeling of distrust for a cheap priced article.

I ASSURE YOU—my price represents what I consider is the proper value of a given crop not influenced by other merchants' valuations.

TERMS—f. o. b. New York, 2 per cent. on receipt of goods, 60 days Net. I exercise the greatest care in growing and harvesting my seeds, roguing my crops under personal supervision. It must be understood, however, that I warrant neither description, growth, nor productiveness of any seeds I send out, nor will I hold myself responsible for the crops raised therefrom. If not accepted on these terms they must be returned at once.

FOR DELIVERY AFTER HARVEST 1915

All contract orders booked subject to usual pro-rata crop delivery. That land sufficient for your wants may be reserved I ask you to place orders at earliest

ASTERS
